PROCEEDINGS OF THE 7TH STEERING COMMITTEE MEETING ON I3MS APPLICATION SOFTWARE & IMPLEMENTATION HELD ON 25-06-2012 AT 04:00 PM IN THE STEEL ROOM OF STEEL & MINES DEPARTMENT UNDER THE CHAIRMANSHIP OF COMMISSIONER-CUM-SECRETARY, STEEL & MINES DEPARTMENT

The Steering Committee Meeting on I-3MS Application Software & Implementation was held on 25-06-2012 at 04:00 PM in the Steel Room of Steel & Mines Department. The member present is given at **Annexure-1**.

Initiating to the discussion, the Chairman congratulated to the team and IDCOL Software Ltd. for their continuous effort for achieving the **eWorld Jury's Award 2012** for taking an initiative which is playing a seminal role in regulating and administrating the mining activity in Odisha.

IDCOL Software Limited (ISL) presented before the Steering Committee on the progress of the Project, Concerns and future plan for managing both the software and operation on day to day basis. After a threadbare discussion, the following decisions were taken.

1. As NIC, BSNL and ORSAC are major implementing agencies of the i3MS Project, so it was decided by the committee that henceforth the representative from above Institutions will be invited to the Steering Committee as the special invitees.

2. As soon as IBM will publish the sale price, the system will calculate the differential royalty which will be done on monthly basis not waiting for the quarterly assessment as it was being followed now. The Demand Note for the same will be sent to the lessees for Payment.

3. There are some cases wherein the Court Order overrides any statutory clearances for working of Mines. So the Deputy Director of Mines / Mining Officer will have a special overwrite power in the system for implementing the Court order or any other such special cases with a remark which will serve as an audit trail in future.

4. IDCOL Software Ltd. informed to the Committee that a Top up facility like mobile recharge has been created in case of any exigency arising in mineral transport due to probable failure in internet connectivity. The Committee approved the same and requested to test the same for the Public Sector Undertaking mines like OMC and IDC.

5. A general guideline from the Director of Mines will be issued to the circles to the effect that in case of any exigency arising in mineral transport due to probable failure in internet connectivity and in the absence of the circle head,

the next officer in charge will expedite the matter,. The ore transport will not stop which will be supervised later on by the circle head.

6. Online approval on registration of trucks will be completed within 15th July 2012 for all eligible applicants. So IDCOL Software Ltd will expedite the same for quick disposal of the pending applications. Director Mines will expedite for the advertisement of the truck registration details in the daily news paper for wide publication.

7. All the Application Fee submitted for ePermit will be received online as that of Royalty. The Committee requested OCAC to operate the Sanjog helpline in 24X7 basis to address the issues for ePermit and ePass related activities.

8. The ports which have not been shared the data till date will be censured. The Director of Mines will ask them show cause prior to debarring them from transit pass.

9. A meeting will be conducted with the Commercial Tax Department for segregation of commodities for a particular consignee and share the information which is only related to mining department. The Department will write a letter to the Commercial Tax Department for the same.

10. Director of Mines will write a letter to the circles comprising state border tax collection gates to verify if any mineral has been stacked illegally near the inter-state border check gate. Where transshipment is being made, the ore has to be seized by the circles.

11. IDCOL Software Ltd. presented to the Committee, that there are changes coming on day to day basis and they are in continuous support of ePass on 24X7 basis which is becoming burden without having any supporting model. So it was decided that a Committee will be constituted comprising of the Director of Mines as chairman, Director IIIT, Managing Director, ISL, Representative of OCAC and representation of NIC for finding a model of operational maintenance of the above project that will continue for the next five years and the exit plan. So that accordingly they will recommend for the approval by the Steering Committee.

12. 6 No. of mining check-gates under Koira circle will be made operational by 15th July for implementation of e-pass checking. (Malda, Kolmong, Jamdihi, Barsuan, Koleiposh, Langaleswar)

13. Purchase of 32 no. of atom processor laptop required for the circles were approved earlier by the committee. As per the decision made in the Screening committee proceeding dt. 10.01.2012, OMC had been advanced Rs.82 Lakh , DGM(IT),OMC indicated that as Atom processor laptops are not available on

DGS&D rate contract. It was decided that the Atom Processor laptops will not be purchased as decided earlier. In place of it laptops having DGSD approval will be purchased through OMC. The fund will be reimbursed later on to OMC by the Steel & Mines department. Director of Mines will write a letter to MD, OMC for the purchase.

14. As the Government has decided to go for hold for implementation of RFID cards and other related assets, ISL will give a plan on how to reuse the same.

15. Rs.37,12,698/- for extension of onsite support from 1.1.2012 to 31.12.12 and Rs. 2,68,46,575/- was approved for the Supplementary MoU made with ISL. Out of which Rs.1,36,42,571/- was released to ISL vide Sanction Order No. 1463/ Dt. 25/02/2012. So it was decided in total balance amount of Rs. 1,69,16,702/- will be paid by OMC on request which will be reimbursed later on after keeping provisions in the supplementary budget.

16. It was also decided that in the Meeting that, the Service Tax and Vat will be paid to ISL extra above and over the approved cost as applicable w.e.f date of its implementation.

17. Director of Mines indicated that as per the signed supplementary MOU, the UAT will be carried out normally by 30th September 2012. On the request of IDCOL Software Ltd. the Committee decided that the same will be completed by 31st July 2012 and after that the maintenance model will be started.

The Meeting ended with vote of thanks to the Chair.
